Please check the table opposite and decide how much space, by page, half page or single/group shots you would like to reserve in the catalogue. Then...

- 1.** Fill out the booking form on the attached sheet and email or post to the address shown.
- 2.** We will then allocate your products to the correct section, if you would particularly like your products to appear on the same page (a solus page) then please state clearly the section you wish them to appear in and ensure that all the products are suitable for that section.

You will need to supply hi-res images of your products either by email or a .zip file by **end of February/early March 2025***.

While we appreciate in some cases that it is difficult to set prices for the life of the catalogue, ie until May 2027, we do ask that it is adhered to wherever possible. There are disclaimers throughout the catalogue and the websites regarding currency fluctuations. If any changes do need to be made we ask that notice is given to Encore so they can 'warn' the distributors in plenty of time before the increases are necessary. There is a process to follow, please contact Encore for details.

*The amount of products per page heavily depends on the amount of text submitted - this is the maximum number of products per page using the recommended amount of text.
